Exhibition and Sponsoring

2nd International Conference on System-Integrated Intelligence: New Challenges for Product and Production Engineering

July 2nd – 4th 2014

Bremen, Germany

www.sysint-conference.org

Conference Scope

The conference provides a forum for academia and industry to present their latest research findings, innovations and practises in the field of system-integrated intelligence. It focuses on the integration of advanced functional capabilities into materials, systems, parts and products as an enabling technology for established application scenarios as well as new products and services. The perspective is highly interdisciplinary.

Individual topics of interest include, but are not limited to:

- Methods and Algorithms: Agent-based systems, machine learning and biologically-inspired methods for optimization and planning
- Self-Optimization and Autonomous Control: Design, reliability, modelling and validation
- Sensorial Materials, material-integrated sensing and intelligence
- Advanced Applications of Autonomous Objects and Systems
- Human-Machine-Interaction: Visualization and transparency
- Intelligent Production
- Cyber-Physical Systems in Production and Logistics
- Perceptive Robotics
- Structural Health Monitoring

Advantages of Sponsoring or Exhibiting at SysInt Conference

- Reach young professionals in the field of system-integrated intelligence
- Gain access to other companies that deal with intelligent technical systems and build a network - both in the conference sessions and socially
- Get access to the latest research results in the field of system-integrated intelligence
- Establish contacts for industrial research projects on system-integrated intelligence
- Learn about potential industrial applications of enabling technologies of system-integrated intelligence

By sponsoring the event, your logo will not only be featured in the conference brochure and proceedings, but also on our website. You can gain extra exposure by providing us with your own promotional tools with your logo (pads, pens etc.). Additionally you can promote your company on the exhibition site and get access to the conference sessions.

Whatever your needs, we would be happy to assist you.

For further information please visit:

Gold Sponsor

- 10 m² exhibition space
 - Logo and link on conference website
 - Logo inside the conference programm
 - Company info included in the electronic proceedings
 - 3 registration fees included
 - Brochure in the conference pack
 - Text and image on website
 - + Logo on the cover of the proceedings
 - + Logo on the conference flyer
 - + Logo on the conference folder
- Price: 5.000,-€**

Silver Sponsor

- 6 m² exhibition space
 - Logo and link on conference website
 - Logo inside the conference programm
 - Company info included in the electronic proceedings
 - 2 registration fees included
 - + Brochure in the conference pack
 - + Text and image on website
- Price: 2.500,-€**

Basic Sponsor

- 4 m² exhibition space
 - Logo and link on conference website
 - Logo inside the conference programm
 - Company info included in the electronic proceedings
 - 1 registration fee included
- Price: 1.200,-€**

Organizing Bodies

- CRC 653 - Gentelligent Components in Their Lifecycle, Leibniz Universität Hannover, www.sfb653.uni-hannover.de
- it's OWL - Intelligent Technical Systems OstWestfalenLippe, www.its-owl.de
- ISIS Sensorial Materials Scientific Centre, University of Bremen, isis.uni-bremen.de
- LogDynamics - Bremen Research Cluster for Dynamics in Logistics, www.logdynamics.de
